

THIS SITE'S PRIVACY POLICY

Notification made in accordance with Art. 13 of legislative decree 196/ 2003 - Code on Protection of Personal Information of those who interact with the web services of Th&Ma architettura s.r.l. for the protection of personal information, accessible by computer starting from the initial page

www.themarchitettura.com

corresponding to the initial page of the Th&Ma Architettura website. The notification is made only for this site and not for other websites possibly consulted by the user by means of the links contained in this site.

The notification also complies with Recommendation No. 2/2001, which the European authorities for the protection of personal information, meeting in the Group established by Art. 29 of EC directive No. 95/46/CE, adopted on 17 May 2001 to identify some minimum requirements for the online collection of personal information and, in particular, the nature of the information and the ways and times of its use that the holder of the information must provide to users when the latter connect to web pages, independent of the purposes of the connection.

THE HOLDER OF THE INFORMATION

After consultation of this website, information relating to identified or identifiable people may be used. The holder for its use is Th&Ma architettura s.r.l., Castello n. 5006, 30122 Venice. An updated list of those responsible for using the information is available from both offices of Th&Ma architettura s.r.l.

PLACE OF USE OF INFORMATION

The uses related to the web services of this site take place at the abovementioned premises and only by staff charged with such use.

TYPES OF INFORMATION USED

Browsing data

The computer systems and software procedures used to run this website acquire some personal information over the course of their normal operation, whose transmission is implicit in the use of internet communication protocols. This is information that is not collected to be associated with identified persons, but that by its nature could, through processing and associations with information held by third parties, allow the users to be identified. This category of information includes IP addresses or the domain names of the computers used by the users who connect to the site, the addresses in URI (Uniform Resource Identifier) notation of the requested resources, the time of the request, the method used to submit the request to the server, the size of the file obtained in response, the numerical code indicating the state of the response given by the server (good outcome, error, etc.) and other parameters relating to the operating system and the user's computer environment. This information is used solely for collecting anonymous statistical information on use of the site and to check its correct operation and is immediately cancelled after processing. The information could be used to certify responsibility in the case of hypothetical computer crimes to the damage of the site: apart from this possibility, the information on web contacts does not persist for more than seven days.

Information provided voluntarily by the user

The optional, explicit and voluntary sending of email to the addresses indicated on this site involves the subsequent acquisition of the sender's address, necessary for responding to the requests, and any other personal information included in the message.

Cookies

The **themarchitettura.com** website uses cookies to ensure the correct operation of the procedures and improve the experience of using the online applications. This document provides detailed information on the cookies and how they are used.

Cookies consist of portions of code used by web servers to be able to recognise browsers. Such recognition allows authentication mechanisms to be effected, data useful for the browsing session to be memorised and the user's browsing to be traced, for example for statistical or advertising purposes. Some of the reasons for installing cookies could require the agreement of the user. On the basis of their characteristics and use, cookies may be divided into:

Technical cookies

These are cookies that are strictly necessary to the operation of the website and are used to manage logins and access to the restricted functions of the site. The duration of the cookies is strictly limited to the work session (they are cancelled when the browser is closed). Other kinds of technical cookies are those used to save the user's browsing preferences and optimise his browsing experience.

Other kinds of cookie for analysis and performance

These are cookies that allow the Holder of the Information to monitor and analyse the traffic data and to keep track of users' behaviour. For example, Google Analytics is a web analysis service provided by Google Inc. that detects whether the same user returns to connect at different times and also allows the system to be monitored and its performance and usability improved.

Management of cookies

The user can manage the cookie preferences directly in his browser and prevent their installation by third parties. It must be noted that total or partial disabling of technical cookies may jeopardise the functioning of this site. On the contrary, the public content can also be used when cookies have been completely disabled. The user can find information on how to manage cookies in his browser settings.

Cookies used by this site

PHPSESSID

Identifies the PHP session under way during the visit to the site

Personal information collected: cookies and usage data

Expiry: at the end of the browsing session

pll_language

Memorises the site language

Personal information collected: cookies and usage data

Expiry: at the end of the browsing session

uncodeAI.css, uncodeAI.images, uncodeAI.screen

Technical cookies for the functioning of the theme

Personal information collected: cookies and usage data

Expiry: at the end of the browsing session

wordpress_test_cookie

Wordpress test cookies that check whether the browser is enabled to save cookies

Personal information collected: cookies and usage data

Expiry: at the end of the browsing session

wp-settings, wp-settings-time

Allows optimised viewing of the site by the administrator

Personal information collected: cookies and usage data

Expiry: at the end of the browsing session

Google Analytics

Google Analytics is a web analysis service provided by Google Inc. that collects personal information in order to trace and examine use of the site, compile reports and share them with other services developed by Google. The advertising functions are disabled and the IP anonymisation of the user is active.

Personal information collected: cookies and usage data

Facebook third party services

Facebook services are necessary for interaction with the social network and are provided by Facebook, Inc.

Personal information collected: cookies and usage data

Place of use: USA – Privacy Policy (<https://www.facebook.com/privacy/explanation>) More information (<https://www.facebook.com/policies/cookies/>)

LinkedIn third party services

LinkedIn services are necessary for interaction with the social network and are provided by LinkedIn Corporation

Personal information collected: cookies and usage data

Place of use: USA/Ireland – Privacy Policy (<https://www.linkedin.com/legal/privacy-policy>)

Divisare third party services

Divisare services are necessary for interaction with the social network and are provided by Europaconcorsi Srl

Personal information collected: cookies and usage data

Place of use: Rome – Privacy Policy (<https://divisare.com/privacy>)

OPTIONAL NATURE OF THE PROVISION OF INFORMATION

Apart from what is specified by the browsing information, the user is free to provide personal information to Th&Ma architettura through the data indicated in contacts to request informative material or other communications.

The lack of agreement, however, may mean that what has been requested cannot be obtained.

METHOD OF USE

The personal information is used with automated tools for the time strictly necessary to achieve the purposes for which it is collected. Specific security measures are observed to prevent the loss of information, its illegal or incorrect use and unauthorised access.

RIGHTS OF THOSE CONCERNED

Those to whom the personal information refers have the right at any time to obtain confirmation of the existence or not of such information, to know its content and origin, verify its exactness or request its integration, updating or correction (article 7 of D. Lgs. 13/2003). In accordance with this same article, they have the right to request its cancellation, transformation into anonymous form or the blocking of information used in violation of the law, and oppose in any case, for legitimate reasons, its use. Such requests must be sent:

- via e-mail, to: studio@themarchitettura.com;
- via fax: 041.2415533 or 049.8753884.

Considering that the state of refinement of the automatic control mechanisms does not make them currently exempt from errors and malfunctions, it is specified that this document, published at www.themarchitettura.com is the 'Privacy Policy' of this site which will be subject to updates.
